

POTTERS ARE LEADING SUPPLIERS OF POULTRY EQUIPMENT

We specialise in providing flat chain feed systems. We can supply these directly to you for you install yourself or we can offer an installation service. All our components are made from the highest quality materials, with most parts being either galvanised or plated to provide extra protection from corrosion.

We stock a complete range of chain feeder parts and accessories, including powered drive units, corners, feed cleaners, flat chain and just about every part you may need.

To form a complete package we can also supply a range of feed bins and flexible augers.
